2022 - 2025

Malmö University

COURSES IN GAME DEVELOPMENT,
2021

Lund University

COURSES IN BUSINESS,
2019 - 2020

ABOUT ME

As a recent graduate from Malmö University with a bachelor's degree in web development, I am passionate about full-stack development. I am seeking a position where I can contribute my development skills and continue to grow professionally. As a developer, I have strong knowledge of JavaScript, PHP, and modern web development frameworks and tools such as React.js and Tailwind CSS. I have gained this expertise both through my education and practical experience at a web agency in Malmö. In addition to my background in full-stack development, I am eager to expand my skills by learning more within my industry such as .NET and Python.

As an employee, I bring positivity and a helpful attitude. I consider myself a team player who values collaboration and shared goals. I am meticulous by nature, which is reflected in my work, as I always strive to deliver the highest quality results

WORK EXPERIENCE

Junior Web Developer (Internship)

CAPACE MEDIA - SEPTEMBER 2024 - NOVEMBER 2024

- Develop websites using React and Next.js
- Create campaign pages in WordPress
- Optimise websites for performance and user experience

Customer service, in person and over the phone

MAHARAJA TANDOORI - SUMMER 2022

- Handle telephone orders
- Manage and resolve customer complaints
- Graphic design

Board member and activity planner for a youth organisation

SUPER RETRO BROS - 2019 TO 2020

- Organise events
- Marketing
- Graphic design

NOTABLE PROJECTS

- Developed a website for Queer Youth Uganda, a project that was featured in Sydsvenskan. The assignment involved creating a responsive and user-friendly website to support and raise awareness of LGBTQ+ rights.
- Designed posters and print materials for Super Retro Bros. By applying my design skills, I helped attract new members to the organisation.
