SKILLS

I am a full-stack developer specialising in modern development tools and following best practices. In my work, I prioritise clean code, clear communication with both team members and clients, as well as continuous learning and growth.

- **Front-End:** React, Next.js, Vite, Tailwind CSS, Javascript, HTML5, WordPress, CMS tools.
- **Back-End:** PHP, C#, ASP.NET, SQL Server.
- **Tools & Workflow:** Git/GitHub, debugging, performance optimisation, agile teamwork.
- **Soft Skills:** Team collaboration, problem-solving, critical thinking, reliability.

EXPERIENCE

Women in Tech Alliance (WITA) – *Volunteer*

December 2025 – Now

- I contribute to the maintenance and development of WITA's website, focusing on WordPress and back-end functionality. I manage plugins and update the PHP backend. This role allows me to deepen my skills in Wordpress and backend as well as contribute towards a good cause.

Capace Media – *Intern*

September 2024 – November 2024

- I gained hands-on experience with industry-standard development of websites. I developed projects using React, Tailwind CSS and Wordpress whilst using Agile practices.

Collaboration with Queer Youth Uganda (Via Malmö University) – *Web Developer*

August 2023 – January 2024

- Contributed as a developer to deliver a website for the organisation. This project allowed me to deepen my skills in Wordpress, Javascript and plugin management.
